

Intelligent Barrier Gate

Model No: RFJ10

Features

- DC brushless motor, small size, large torque; Straight rod (1-6 meters) standard length can be fast and smooth take-off and landing;
- Small and exquisite appearance, small footprint, simple and fashionable, high-end color matching calm;
- Dc brushless control technology is adopted to achieve accurate adjustable switching speed, reduce jitter, and make the brake rod run more stable and smooth;
- The brushless DC motor can be buffered/decelerated in the control, and the low voltage is 24V DC, which is not affected by the instability of local voltage;
- Aluminum alloy die-casting process, reliable mechanical strength, beautiful appearance, better heat dissipation, smooth operation, more durable, millions of barrier-free operation;

Technical Parameters

Arm Speed	1.5 S
Supply Voltage	AC 220V ± 10% 50Hz
Card Reading Signal	Switching value
Electric Machine	Dc brushless motor 150W
Input Voltage	24V
Rated/peak Current	8A/30A
Man-machine Interface	4 LED, 4 button
Hardware Protection	Over current protection, over voltage protection, short circuit protection
Input Signal	Opening, closing, stopping, ground sense, anti-smash
Output Signal	Open properly, close properly dry contact
Product Size	340*240*990mm

Mailing Address

VOSTOK Trading L.L.C,
304,3rd Floor,Al Tawhidi Building,
Khaleed Bin Waleed Road,
P.O. Box: 27106 - Dubai,
UNITED ARAB EMIRATES.
